			<b>SUBTOTAL</b>		0.08	21.36	21.44
<b>Notes:</b> 1/ Tract 1 water right is not included in watermaster billing.							
2/ This includes 43 acres that may also be irrigated from Diversion 446 (see Paragraph 56).							
3/ This allotment shall be utilized by livestock drinking directly from surface flow.							
4/ This allotment may be diverted only from underflow by means of an offset well or sump and may be diverted irrespective of any other allotment in this schedule.							
5/ This 50 acres may also be irrigated from Diversion 448 (see Paragraph 57).							
6/ This 551 acres may also be irrigated from Diversion 448 (see Paragraph 57).							
7/ This allotment may be diverted, at the option of the claimant, from surface flow or from underflow by means of offset wells or sumps or from a combination of both; provided, that when surface flow in the creek at the county road at the O. Lewis property recedes to 3 cfs, the following percentage or amount of the surface flow reaching the point of diversion of each of the following claimants shall be bypassed, at the option of the claimant, either beyond such point or beyond the claimant's lower property line:							
		% or Amount of Surface Flow to be Passed Beyond Diversion Point or					
	<b>Decreed Owner</b>	<b>Lower Property Line.</b>					
	Friden			51%			
	O. Lewis			96%			
	Luckensmeyer			All flow in excess of 1.31 cfs			
To the extent that all the allotment is satisfied from underflow, it may be diverted irrespective of any the allotment in this schedule.							
8/ This 500 acres may also be irrigated from Diversion 446 (see Paragraph 56) and from Diversions 603 and 617 (see Schedule C).
